# Simple study room website

The purpose of this website is to help students find someone to study with when they are feeling lonely while studying.

This website is designed to help students find study buddies.

Gitlab link : Călinescu,Bogdan B.I.C. / Study Room Website · GitLab (fhict.nl)

This website allows you to select a field of study and then connect with other students in chat rooms to study with! In the chat rooms the students can communicate via text, microphone, and video.
